

central market community benefit district  
security camera network

### WHY JOIN CMCBD'S SECURITY CAMERA NETWORK

- Cameras are a proactive deterrent to illegal activity
- Cameras provide necessary evidence for the prosecution of crimes
- A network of cameras is more effective than a few isolated cameras
- CMCBD is the point of contact for video requests from law enforcement

### INSTALLATION AND MAINTENANCE COSTS

- CMCBD pays for a portion of installation costs
- CMCBD pays for ongoing maintenance and video retrieval requests

\*If you have existing high quality digital cameras, CMCBD will pay for a connecting module to our network

### ACCOMPLISHMENTS

- Tracking of area related cases as they move through the justice system
- Examples of how our camera system works: [Tourist iPhone robbery](#), [Holiday shopping security](#)

### GET STARTED

Call 415.957.5985 or email [video@central-market.org](mailto:video@central-market.org) for a free consultation

*"CMCBD cameras are excellent and we are able to obtain video quickly when we investigate a crime. We have identified and arrested many suspects as a result."*

**San Francisco Police Department**

*"High-quality video recordings significantly increase the likelihood of successfully prosecuting crime. They enable our office to present the best possible evidence to judges and juries."*

**San Francisco District Attorney's Office**
